“Come Grow With Us”

Directors Corner

Parent/Teacher Relationships

One the most important things I have learned as my children have journeyed through their school years, is the importance of taking the time to build a relationship with their teachers. Teachers want their students to succeed and studies have proven that the more involved parents are in their children's education the more successful their child will be in school and in life. This parent/teacher relationship should start in preschool. Don't hesitate to ask questions about your child's development and progress. This is a great opportunity to receive information and to build relationships.

School Age Summer Day Camp

Did you know that Carol Matheys Center offers Summer Day camp programs for children in Kindergarten—4th grade We offer a fun summer of art, sports, games, drama, science, and a weekly field trip or special event!

Parents can choose full or part time options. The program is offered June 7-August 20
